## Summary

- ☐ A passionate and detail-oriented Full Stack Developer with strong expertise in frontend and backend development.
- ☐ Skilled in building responsive, interactive web applications using modern frameworks and technologies.
- ☐ Enthusiastic about solving real-world problems through coding, contributing to innovative projects, and continuously expanding technical knowledge.

## Skills

|                               |                                                                                                            |
|-------------------------------|------------------------------------------------------------------------------------------------------------|
| <b>Programming Languages:</b> | C, Java, Python, JavaScript                                                                                |
| <b>Frontend Development:</b>  | HTML5, CSS3, Tailwind CSS, React.js, React Router, React Hook Form, GSAP, Three.js, React Three Fiber, DOM |
| <b>Backend Development:</b>   | Node.js, Express.js                                                                                        |
| <b>Databases:</b>             | MongoDB, Firebase, MySQL                                                                                   |
| <b>Tools &amp; Platforms:</b> | Git, GitHub, Vercel, Netify, Cursor, VS Code, NPM, Vite, Nodemon, PowerShell                               |
| <b>Soft Skills:</b>           | Adaptability, Communication, Problem-Solving, Teamwork                                                     |

## Projects

### K72-neon

- Built a animated frontend website. implementing scrolltrigger using GSAP, A ReactJs project

### VibeCode Editor

- Built a browser-based IDE allowing users to write and execute code. Implemented secure user authentication using JWT/NextAuth and real-time file management with MongoDB.
- nextjs, Reactjs, Node.js, Express.js, MongoDB.

☐ Check all my projects on my [LinkedIn](#) and [Github](#)

## Education

### B.Tech in Computer Science & Engineering

Dr. A.P.J. Abdul Kalam Technical University (AKTU), Uttar Pradesh

- Currently in 3rd Year

- Last Semester SGPA: 7.2

**G.D Public Senior Secondary School, Aligarh (12th)**

**M.G. Public School, Aligarh (10th)**

## Achievements

- 1st Position - Data structure showdown, Institute of Technology and Management.
- 1st Position - CP9 esport cup.
